Milton At Chinaplas 2018

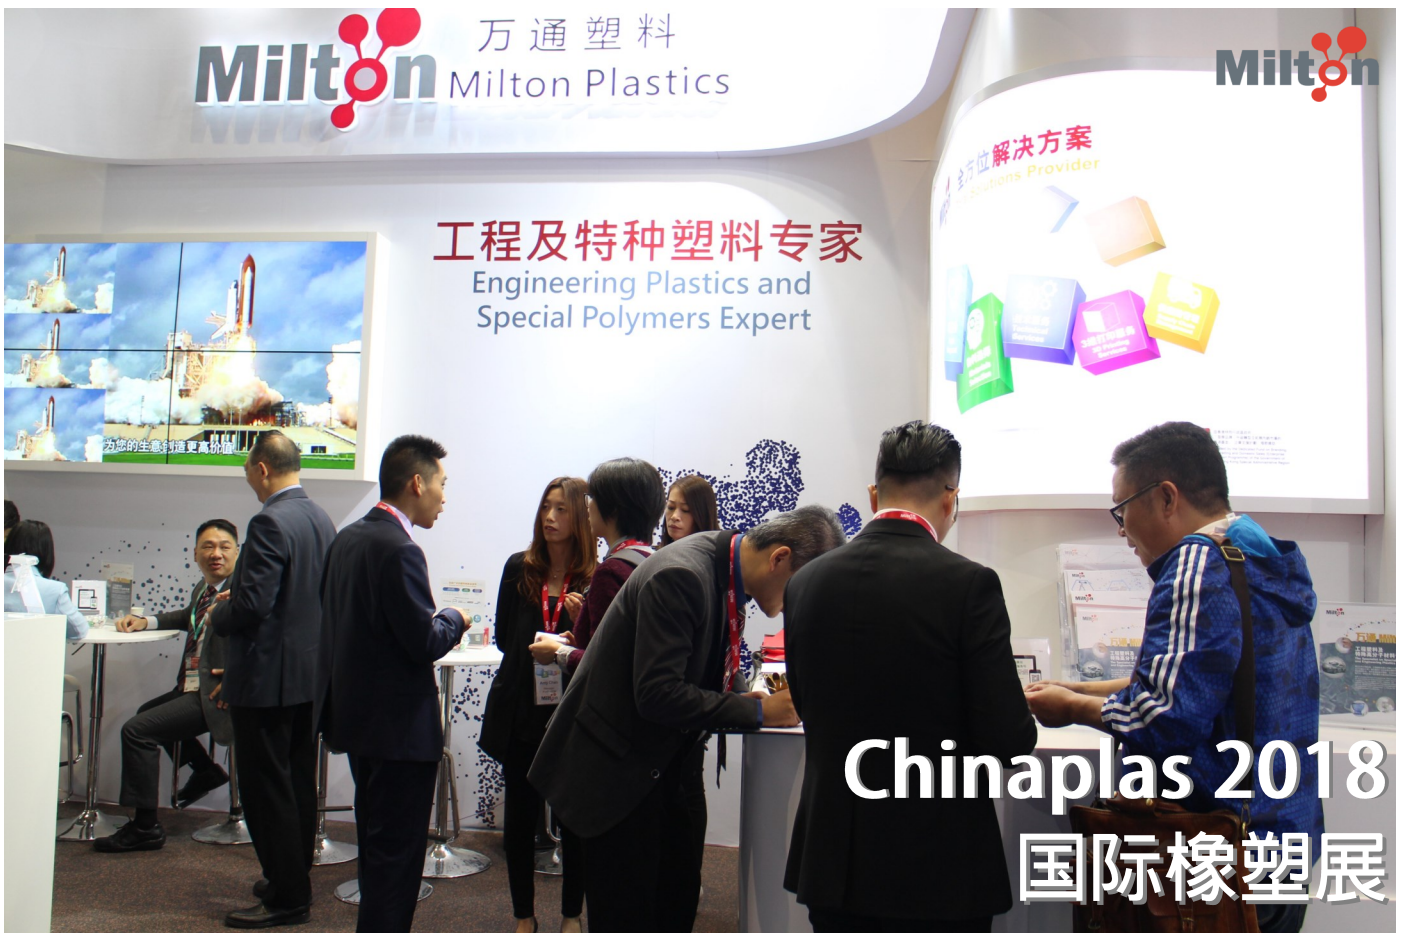

Chinaplas is the largest exhibition for plastics and rubber industries in Asia and is the second largest in the world following the K Plastics and Rubber exhibition held annually in Germany. On April 24th-27th 2018, Milton Plastics Ltd participated at the 32nd International Exhibition on Plastics and Rubber Industries.

At CHINAPLAS, Milton Plastics showcased the various applications for plastics in industries, such as automotives, medical and electronics. Milton's exhibit also presented cutting

edge 3D printing technology and its applications to crowds of people in the industry. Milton Plastics's sales and technical services professionals had the chance to network with people from different parts of the world and from different industries. This was an invaluable networking opportunity to build relationships and share with other experts in the industry. The 3D printing exhibit was particularly successful as it piqued many people's interests. Milton also conducted a 3D printing seminar to educate other industry professionals about 3D printing technologies and its applications.

Through this exhibition, Milton demonstrated the uniqueness of its "Total Solution" approach, shared the company's recent achievements and reinforced past industry ties. The exhibition also exposed Milton to potential new markets or customers and to the newest industry trends and development opportunities.

万通参展Chinaplas 2018

「CHINAPLAS国际橡塑展」不单是亚洲最大的塑料及橡胶业展览会，也是业内人士更公认其影响力仅次于全球第一大橡塑展的德国「K展」，成为橡塑业的世界第二大展会。万通塑料有限公司于4月24至27日在上海作为参展商参加第三十二届中国国际塑料橡胶工业展览会。

展会期间，万通塑料展出了汽车、医疗、电子等行业的产品案例及3D打印机器与样品，展位门庭若市，宾客络绎不绝。现场，万通资深技

术与销售人员进行友好专业的互动，答疑解惑，共同受益。尤其是万通推出的3D打印服务更加引人关注，展会同期万通还举办研讨会——《制造业在3D打印发展中的机遇》，全面介绍了3D打印技术、材料以及在汽车、医疗、电子等行业中的应用，吸引了众多宾客一同了解与探索。

本次参展巩固了万通集团一站式服务和全方位方案供货商的形象、展示了公司实力、密切了与现有合作商关系，同时能够开拓市场与发掘潜在客户，并了解到最新的行业讯息与发展方向，可谓是受益匪浅。

Formation Of Strategic Development Department For Sustainability

Milton Plastics has recently formed a new department named the Strategic Development Department (SDD). SDD team was formed to explore new plastic materials, to foster innovation and to drive Milton's evolution and adaptation to the demanding and ever-changing plastics industry.

SDD team brings new plastic materials, specifically Covestro's CF RTP and Polyram's customized thermoplastics, to diversify Milton's product range. These materials can be applied to a variety of products in many new industries, which will bring about exciting opportunities for Milton. Although it is still in its early stages, the SDD team has already achieved promising results and are galvanising the rest of the Milton team to continue this trend.

In efforts to spread the word about SDD,

the SDD team promoted the unique features and applications of the new plastic materials to Milton other teams through a series of interactive presentations. Meanwhile, SDD team took this opportunity to get more suggestions from other teams especially from top management team and business development team how to find out business opportunities on new materials. These presentations successfully empowered the rest of the Milton team with the knowledge to start new projects and seize new business opportunities.

成立策略发展部门助可持续发展

万通塑料近期成立了名为策略发展部（SDD）的新部门。SDD团队的成立旨在探索新的塑料材料、推动万通的创新和发展、把握日新月异的行业需求。

SDD团队开发了新的塑料材料，特别推出科思创的连续性碳纤维增强热塑性复合材料（CFRT P）和普利朗（Polyram）的定制型热塑性塑料，以丰富万通的产品范围。万通将通过这些可应用于多类新兴行业产品的新材料，来捕捉更多意想不到的机遇。虽处于初期探索阶段，但SDD团队已经取得了令人鼓舞的成果，并正激励万通团队的其他成员保持这一趋势。

为了传播关于SDD的信息，SDD团队通过一系列互动形式的讲演向万通其余成员推广新材料的特性及应用。同时，SDD团队借此机会从其他团队，尤其是高层管理团队和业务开发团队那里获得了许多关于寻找新材料商机的建议。这些演讲成功地帮助万通团队的其他成员了解开发新项目和把握新商机的知识。
